|---|---|
| **COURSE TITLE** | **BUSINESS RESEARCH METHODS** |
| **COURSE CODE** | **04MB1205** |
| **COURSE CREDITS** | **3** |

**Course Outcomes:** After completion of this course, student will be able to:

1. Apply business research concepts to distinguish among various types of research, research ethics, and components of the research process.
2. Develop well-defined research problems, objectives, and hypotheses through critical analysis of existing literature.
3. Design appropriate research frameworks by selecting valid measurement tools, scaling methods, and sampling techniques.
4. Analyze qualitative and quantitative data using statistical tools and advanced analytical techniques for meaningful interpretation.
5. Create comprehensive research reports or academic papers using proper structure, citation styles, and plagiarism detection tools.

**Pre-requisite of course:**NA

**Teaching and Examination Scheme**

| Theory Hours | Tutorial Hours | Practical Hours | ESE | IA | CSE | Viva | Term Work |
|---|---|---|---|---|---|---|---|
| 3 | 0 | 0 | 50 | 30 | 20 | 0 | 0 |

| Contents : Unit | Topics | Contact Hours |
|---|---|---|
| 1 | **Fundamentals of Business Research:** Meaning, objectives, characteristics and motivations in research, Criteria of good research, Types of Research - Radical and Incremental Research, Fundamental, Pure or Theoretical Research, Applied Research, Descriptive Research, Experimental Research, Qualitative Research, Quantitative Research. Understanding the language of research – Concept, Construct, Variable. Research process. Ethics and Integrity in Business Research. | 9 |
| 2 | **Research problem and Design:** Research problem: Selecting and analyzing the research problem – problem statement formulation. Literature review: purpose, sources, and importance - literature review procedure. Developing Research Objectives and Formulation of hypothesis. Research Design – definition, essentials and types of research design, features of a good research design. | 9 |

| Contents : Unit | Topics | Contact Hours |
|---|---|---|
| 3 | **Measurement Scaling and Sampling:** Variables in Research, Measurement and scaling – Different scales, Construction, of instrument – Validity and Reliability of instrument. Data Collection methods, primary and secondary data, Construction of questionnaire and instrument – validation of instruments. Sample design and sampling techniques - Probability Sampling and Non-probability Sampling, Sample size determination | 9 |
| 4 | **Data Analysis and Tools:** Processing of Data: Editing and Coding of Data – Classification of Data. Qualitative data analyses - Content analysis, Grounded theory, Thematic analysis etc. Quantitative data analyses – Overview of Univariate, Bivariate and Multivariate data analysis. Use of statistical tools for advance techniques of data analysis: Factor analysis. Conjoint Analysis, Cluster Analysis, Multiple Regression and Correlation analyses etc. | 9 |
| 5 | **Research Report or Paper Writing:** Technical and Academic Report, Writing - Layout of a Research Paper, Significance of Report writing, Citations and Bibliography - Reference Management Software like Zotero/Mendeley, Software for detection of Plagiarism. | 9 |
| **Total Hours** | | **45** |

**Textbook :**

1 Research Methodology: Methods and Techniques, C.R.Kothari And Gaurav Garg, New Age International, 2014

2 Research Methodology, D.K. Bhattacharya, Excel Books, 2006

**References:**

1 Business Research Methods, Business Research Methods, Cooper And Schindler, Mcgraw-Hill Publication, 2014

2 Business Research Methods, Business Research Methods, Naval Bajpai, Pearson, 2017

3 Business Research Methods: A South –Asian perspective., Business Research Methods: A South –Asian perspective., Zikmund, W.G., Babin, B. J., Carr, J.C., Adhikari, Cengage Learning, 2016

**Suggested Theory Distribution:**

The suggested theory distribution as per Bloom's taxonomy is as follows. This distribution serves as guidelines for teachers and students to achieve effective teaching-learning process

Distribution of Theory for course delivery and evaluation

| Remember / Knowledge | Understand | Apply | Analyze | Evaluate | Higher order Thinking / Creative |
|---|---|---|---|---|---|
| 0.00 | 0.00 | 30.00 | 25.00 | 25.00 | 20.00 |
